

## **Gerhard Sicklinger**

Dipl.-Ing. FH Gerhard Sicklinger is Managing Director of Humantechnik.

In 1985, he founded the company Humantechnik in Laupheim / Württemberg. The text telephone <textel compact> has been developed. A year later, the company Humantechnik received the company founder award of the Steinbeis-Foundation Baden-Württemberg. Under the motto "A common goal that unites" more than 40 employees, including hearing impaired persons, are working in development and production at Humantechnik to bring more independence for people with hearing loss.

Humantechnik is the gold sponsor of the Future Loops conference.
